7 MR. FERREIRA: He wants to give it another try.  
8 SEP 27 1999 MR. BROWN: Good.  
9 Would this mike be easier?  
10 MR. FERREIRA: Well, he just wanted to say that  
11 before nuclear bombs went off, children used to play there, and  
12 he was just reminding me of that before I spoke.  
13 I asked him what he wanted to say. He said  
14 that's what he'd like to say, to just remind you folks that  
15 children used to live there. People were removed from the Test  
16 Site, removed from Yucca Mountain, and that they will again  
17 some day be there.  
18 Thank you.  
19 MR. BROWN: Thank you.  
20 As we said earlier, if you want to bring that  
21 down and submit that as a written comment.  
22 MR. FERREIRA: Do you take crayons?  
23 MR. BROWN: Well, I guess what --  
24 MS. DIXON: You can certainly borrow mine.  
25 MR. BROWN: Are there any further comments?

1 Yes, Judy.

2 MS. TREICHEL: Can I just talk loud enough? As  
3 long as the court reporter can hear me.

4 MS. DIXON: Just make sure that he does. It  
5 might be better to stand closer.
